

January 11, 2019

Dear Parents,

Thank you for your continued support of St. Peter Chanel School, which has served the community for 83 years through *Evangelizing Hearts, Educating Minds, Encouraging Talent* and *Embracing the Future*.

In light of the rapid changes occurring in the world and in education, now is the ideal time for us to craft a renewed vision for our school's future that identifies new ways to grow and advance as a learning organization focused on offering an unparalleled educational experience.

We're pleased to announce that we are launching a strategic planning process in conjunction with the diocesan initiative, with the expectation that the final plan will be shared later in the spring of 2019. This will become the blueprint to communicate our story and guide leadership decisions for the next three years.

Your voice is extremely important, and we will share opportunities for you to engage in significant dialogue. Coming together as a community will enable us to understand the challenges ahead and achieve disciplined innovation and growth. We are intentionally using an inclusive process that strengthens the whole organization and our relationships together.

To guide us on this journey, the diocese contracted with the experts from School Growth, LLC because of their extensive experience and data-driven methodology. They have a successful track record and a wealth of wisdom from leading schools through this critical process, and we look forward to walking this path with their guidance.

Over the next few months we'll share more details about the schedule and opportunities (i.e., surveys, focus groups, etc.) to connect with this planning effort. We not only welcome your input, we're counting on it.

Your commitment to Catholic education is truly appreciated. Thank you, in advance, for your enthusiastic and thoughtful participation in helping shape the future for St. Peter Chanel School.

Blessings,
Pastor-Fr. Vincent Dufresne
Principal-Mrs. Paula Poche'
Advisory Board Chair- Mr. Len LeBlanc
